Dear Parents and Carers,

Samares Showcase

Last week, the Samares Showcase was a wonderful celebration of creativity, talent and pride in learning. The quality of the entries was truly exceptional, with so many projects reflecting our school values through the care, effort and imagination that had gone into them.
The range of work on display was remarkable. Families and visitors were treated to full-sized models of lighthouses, stunning artwork, intricate wooden sculptures, detailed models and beautifully written poetry. Each piece demonstrated not only skill and creativity but also the perseverance, curiosity and pride that we encourage in all our children.

I was incredibly proud of the quality of the work produced. Just as importantly, it was wonderful to see how proud the children were of their achievements. They spoke enthusiastically about their creations, confidently sharing their ideas and explaining the process behind their work. The Showcase was a fantastic reminder of what our children can achieve when they are inspired, challenged and given the opportunity to shine.

A huge thank you to everyone who entered and to the families who supported the children in bringing their ideas to life. The exhibition was a real highlight and a celebration of the talent that exists throughout our school community. The next showcase will be in the middle of the Spring term, with a focus of:

Many cultures, one community
Celebrating our diverse school community, languages and global heritage.

Reminders about travelling in cars

Please can we ask you not to park on the pavement on School Road when picking up for Nursery – people can't get buggies through. Many thanks for your support with this.
Also, a reminder to drive slowly around school and EXTRA slow in the school car park. Children are in this area. We have had reports of children being splashed by cars travelling at speed through puddles when walking to school. Please drive slowly.

Zones of Regulation

Today's tool which is being taught to all pupils is 'dial it down'. Dial it down is a sensory regulation tool which gives your senses a break by turning down your see, hear, smell and feel. Ideas could be: using headphones, close your eyes, go to a quiet space, change your scenery or turn off your device or screen. Sometimes what is going on around you can be overwhelming. Decreasing, or dialling down the amount of sensory information can help you feel peace and comfort. Give it a go with your family this week and designate some time in your day to 'dial it down', we could all do with practising this more!

Coats

The 'coat with NO NAME table' will be outside school at the end of the day on Friday. Please have a look if your child is missing their coat....it could be theirs!

Term Dates

Our last INSET date for 2026/27 is Friday 5th February 2027.

Term dates can be found here:

Term Dates - Government of Jersey

As always, please do not hesitate to contact me if you have any questions, comments or queries.

Many thanks,

Mrs Jenny Posner
